BEST BITS ABOUT THE M3 JOB CLUB

- Camaraderie was overall the best bit – we all gave each other strength
- Being invited to a mock interview panel because it helped me to perfect my style in a 'life like' interview setting
- CV writing was extremely helpful
- 121 with Nikki Wild who is a very personable lady with great ideas.
- With commercial experience, Gill Cheesewright was great from a business perspective
- Maxine Hart – supported me in finding temporary employment prior to me getting a permanent position. She also opened me to the possibility of using my skills to do something new.
- Lorraine, The M3 Job Club's administrator was brilliant in getting me on to the courses

"The best bit about The M3 Job club is the camaraderie. It was highly beneficial to meet up with a group of people that were in the same position as me and support each other. Presenters don't just teach you new skills and ideas they fully support you as an individual. I'd highly recommend this fully funded programme."

CAREER OVERVIEW

HOW DID YOU HEAR ABOUT US?

Three of my friends had already gone through the programme and had given positive feedback.

WHAT MADE YOU JOIN THE M3 JOB CLUB?

I'd been made redundant. The programme appealed to me because I liked the idea of going along to a business type environment every week and mixing with people in the same position as me.

WHAT WERE YOUR FIRST IMPRESSIONS?

I'd been made redundant. The programme appealed to me because I liked the idea of going along to a business type environment every week and mixing with people in the same position as me.

WHAT DID YOU GET OUT OF ATTENDING?

I gained resilience and ideas. It was highly beneficial to me that a 'working feel' was maintained every Friday morning when I attended M3 Job Club. Not only was it about learning from the presenters, but members helping each other. I contributed my positivity whilst others used their key personality attributes to motivate and inspire me and the group.
